## Volunteer Recognition ~~Dinner~~ Luncheon!

A change is coming. This year our Volunteer Recognition Dinner is going to be a Luncheon. We are simplifying the event but still need a couple of volunteers to help with planning. Please contact Karen Kirby at [kjckirby@gmail.com](mailto:kjckirby@gmail.com) to give us a hand.

This year the club will pay for part of the cost for the luncheon, but you don't have to bring anything. However, if you have led 5 rides this year you will be able to attend at no cost! Now is the time to contact your ride coordinator to get those rides scheduled for October. In the next newsletter there will be a link so that you can reserve your place for lunch and pay using the website.

# GET INVOLVED!

### It's Your Turn!

#### Applications for Board of Directors

There are several vacancies occurring this year on the current board of directors. If you have considered getting involved in the leadership of our club, now would be a good time to submit your application to become a director. If you would like to discuss being a director, give me a call and let's chat.

#### Questions?

Ask John Campbell: 303-797-0250  
Director candidates will be published in the October newsletter and voting for directors will be in November.

## Ride Leaders Are Not Just Another Pretty Face Dick Plastino and Patty Gaspar

They are needed to:

- 1) have the Liability Waiver signed,
- 2) write up injuries that occur on the ride for possible use of the Club's medical insurance,
- 3) do introductions all around, particularly if there is a new rider(s),
- 4) help those who may get lost or lag behind,
- 5) make sure riders all return and
- 6) **MOST OF ALL** come up with interesting rides
- 7) then produce and hand out maps of the ride if needed.

You do need to be a Club member to be a ride leader. To us, the main benefit of the club is that we get to ride all over the area—not just the city. we've been on many beautiful rides that we would never have found on our own.

Dick Plastino has been the MTB coordinator for 3 years and is retiring at the end of this year as MTB ride coordinator. We need someone to step up to keep that group together. Without any scheduled rides they are likely to drift apart. They also have many camping trips throughout the year and someone is needed to get the word out.

For more information, contact Dick at [kfish9@comcast.net](mailto:kfish9@comcast.net) or Patty at [ridecoordinator@dbtc.org](mailto:ridecoordinator@dbtc.org). The ride coordinator is tasked with collecting the rides from the various leaders, putting them into appropriate format for the newsletter and sending them to Patty, who combines the various coordinators' rides into the schedule.

**Pictures and Articles for the Newsletter...** This newsletter belongs to the members. If you have pictures or an article to share, please email them to [ridecoordinator@dbtc.org](mailto:ridecoordinator@dbtc.org). Only send one or two pictures so you don't clog up my computer! Be sure to include details about who, when and where the picture was taken. If you have a photo to mail, contact the Ride Coordinator for the address. Remember we must give credit to the author. If you are a writer with an article of interest, we may make you a published author! The deadline for publishing is the 20th, but please send your articles earlier.

# DBTC SUMMER SEASON 2013

Summer is winding down – we’ve had some great riding weather. You need to plan ahead this month as there are several rides out of the metro area and you will need to get an early start. Our ride coordinators are working on the October Schedule so contact them with your ideas for early fall rides as we get into fall. If you lead 5 rides this season your admission to the Volunteer Recognition Lunch is FREE.

Pace of Ride	Difficulty of Terrain	Mileage	Quadrant of City	Departure Time
Roses – Leisurely Fun – Comfortable Int. – Brisk Road – Fast ATB – Unpaved Roads MTB – Mountain Bikes	H1 – Flat H2 – Some Hills H3 – Hilly H4 – Serious climbs Two ratings: technical skill T1 to T4 and Physical exertion P1 to P4	This is an estimate – options may be offered	NW NE SE SW W	Arrive early enough to unload your bike and be ready to leave at the time shown.

If you'd like to include an activity in the newsletter, please email it to [ridecoordinator@dbtc.org](mailto:ridecoordinator@dbtc.org) by the 20th for the next newsletter or contact Patty at 303-989-8268.

**Ride Locator:** There is a guide to the most frequent start locations on our website – [www.dbtc.org](http://www.dbtc.org). It provides the information you need to use Map Quest or Google Maps to make a map to the starting location.

### DBTC's E-Mailing Lists

Get late breaking news, last minute ride updates, and short-notice of weekday rides, all e-mailed directly to you as soon as the information is posted. If the weather is "iffy", a ride leader can post a notice to let you know if the ride will go or be cancelled.

### DBTC Message Board is the DBTC General E-Mail List

To join, send an e-mail to: [ColoradoBicyclist-subscribe@yahoogroups.com](mailto:ColoradoBicyclist-subscribe@yahoogroups.com)

### DBTC Mountain Biking E-Mail List

To join, send an e-mail to: [COMtnbikers-subscribe@yahoogroups.com](mailto:COMtnbikers-subscribe@yahoogroups.com)

**Twitter account is @DenverBikeClub** – note many members do not tweet.

### DBTC Meetup group,

[www.meetup.com/Denver-Bicycle-Touring-Club/](http://www.meetup.com/Denver-Bicycle-Touring-Club/) can be used to post rides as well. Once you have posted your ride, we will review the

information to be sure it complies with the club requirements then upload it to the MeetUp web site where you can edit your ride info. MeetUp is open to the public and can increase the number of riders on your rides and, hopefully, club members. Rides cannot conflict with the ride schedule. If you have registered with MeetUp, we will post your scheduled rides. We are also on Facebook if you want to share pictures or bike-related news.

**You can join all four groups.** After you send the e-mail requesting to join, you will be contacted via e-mail with a confirmation. If you'd like to post an event, simply go into the site. Remember that only club-related activities can be posted. We reserve the right to cancel any posting we don't think is appropriate.

### Please Note;

- Joining either of these Yahoo Groups, Facebook or the MeetUp Group does not make you a valid member of the DBTC.
- If your e-mail address changes, you must send your new e-mail address to both the Yahoo Group and to the DBTC webmaster ([webmaster@dbtc.org](mailto:webmaster@dbtc.org))
- **The DBTC Website operates independently from the Yahoo Groups.** The Yahoo Groups send only e-mail messages concerning some upcoming events. The DBTC monthly Newsletter, *The Colorado Bicyclist*, is sent to you from the DBTC Website via e-mail only if you have so requested.

## Guidelines for Posting a Last-Minute Ride

Dale Trone

The purpose of the schedule is to allow us to provide a variety of rides throughout the metro area. Depending on last-minute rides does not meet that goal; however, there are times when no ride is scheduled within a reasonable driving distance so you might want to add an alternative.

### The guidelines for posting last minute rides are:

1. The leader must be a member
2. There can't be a similar ride on the published schedule
  - a. Geography – a ride in Parker is NOT similar to one in Golden
  - b. AND start time – a 9 AM ride is NOT similar to a 3 PM ride
  - c. AND speed type – ROAD and FUN rides are NOT similar

- d. AND distance – a 35 mile ride is NOT similar to a 20 mile ride
3. When a last-minute ride appears to fall into the gray area such as 20 vs 25 miles, FUN rides starting an hour apart with start locations both in Aurora, then contact the scheduled ride leader to see if s/he feels the ride would compete. It might be better to simply join the other ride.
4. While yahoo groups are still a media for last-minute rides, MeetUp has additional features and more and more of our last minutes are published there.
5. Yahoo and MeetUp can be used when last-minute changes are necessary. This allows a little more flexibility if you schedule a ride and then have to make a change later.

**MTB (campout) P3, T2, Buffalo Creek Trail Building and Riding** *Fred Berry (720-840-8596)* is the Colorado Trailblazers' point of contact for this three day experience and enjoyment. This year's efforts will be a collaboration with Jefferson County Open Space volunteers and staff to complete a new ten mile trail from Reynolds Park to the confluence of the North and South Forks of the S. Platte River. The Trailblazers have been working through the 2013 season on some of the upper reaches of this great trail project. On September 14th our efforts will be focused on the lower section of this trail. The hike up to the Project Area on a well finished trail is a bit longer, but relatively easy, overlooking the North Fork with outstanding views of the canyon below.

Whether for the weekend, or Trail Day, 9/14, join us for this great end-of-season event. Online registration is available at [coloradotrailblazers.org/trail-days/epic-at-buffalo-creek-sept-13th-15th-2013/](http://coloradotrailblazers.org/trail-days/epic-at-buffalo-creek-sept-13th-15th-2013/). The real action of breakfast, trail building, live music and a catered dinner and more all start Saturday morning, September 14, but you can get an early start by setting up camp and riding al la carte on Friday at any time you want to drive to the campgrounds. The Meadows Group Campground opens at 11:00 am.
