SALIDA BIKE FEST TOUR

Kathy & Joe Stommel
John Campbell

Salida is a charming small town in central Colorado with a BIG biking community, and this September DBTC will join in the fun. This brand new tour will span six days in Salida from Tuesday, September 9 through Sunday, September 14 and will coincide with their annual Bike Fest activities.

Register by August 1st!

Salida is known as the "Gem of the Rockies," has been listed in the guidebook for "America's 100 Best Small Art Towns," and is home to Colorado's largest historic district. The downtown area was designed as one of only two Colorado Creative Districts with more than enough art galleries to explore all week, along with breweries, a vodka distillery, quaint outdoor cafes and fine dining.

New tour leader, Kathy Stommel, and co-leader veteran John Campbell have planned an

Words from the President

Let DBTC Treat You

DBTC is always looking for ways to make rides more interesting. This year we are encouraging ride leaders to treat their riders.

A few simple rules:

The ride and the treat must be announced in the newsletter. The ride leader can submit a receipt up to a maximum of \$3.00 per rider. If there are 10 riders a leader could buy pizza for \$25 or get drinks averaging \$3.00 or less or buy ice cream cones.

The receipt and the signed waiver sheet should be submitted to: DBTC, PO Box 260517, Denver CO 80226-0517 for reimbursement.

There is an annual cap on the expense so you better get your rides submitted to your coordinator!

Patty has sold her condo in Frisco, so can anyone have the ice cream social at their place in the mountains in August?

Contact ridecoordinator@dbtc.org and she will be glad to fill you in on the details.

– Brad

A Big Thank You...

to everyone who came out on a hot afternoon to help us put together 100s of rider packets for the Denver Century Ride! In return, we were able to contribute a promo flyer—introducing the DBTC—to be included in the DCR's Goodie Bags.

And lunch was on the Club! Your efforts went a long way in helping to get our club noticed. Left to right: Gary Goins, Helen Berkman, Cyndy Klepinger, Ken Lieb & Lise Neer.

Pictures and Articles for the Newsletter... This newsletter belongs to the members. If you have pictures or an article to share, please email them to ridecoordinator@dbtc.org. Only send one or two pictures so you don't clog up my computer! Be sure to include details about who, when and where the picture was taken. If you have a photo to mail, contact the Ride Coordinator for the address. Remember we must give credit to the author. If you are a writer with an article of interest, we may make you a published author! The deadline for publishing is the 20th, but please send your articles earlier.

New Tour Leaders Provide Weekend of Fun in Fort Collins (aka "Fort Fun!")

by Lin Hark

Five new Tour Leaders and twelve total participants enjoyed a cloudy weekend in Fort Collins June 6-8.

DBTC now has five new tour leaders who will soon be leading their own tours, thanks to the training by our Out Of Town Tour Director, Ellen Chilikas and her assistant Carolyn Bauer. For the past two months, these new tour-leaders-in-training worked hard to organize and execute a wonderful bike trip to Fort Collins on the first weekend in June.

The rain and flooding didn't stop these persistent trainees or participants, and as you look at the pictures you will see a great time was had by all. This weekend tour was structured as a full package trip, per the Club's standard practice to include lodging, happy hour(s) and an occasional meal at one price for all participants.

Twelve participants enjoyed a tour of New Belgium Brewery, a beautiful ride up the Poudre River canyon to the Mishawaka Restaurant (shown in the surrounding photos), and a Sunday ride along quiet country roads to the Owl Canyon area North of town. Each ride required last-minute revisions due to flooding of the bike trails, but everyone still had a great time—whether taking the full route or a self-guided alternate.

This weekend tour was done at a very reasonable price, including an excellent hotel, several meals and happy hours and the planning and leading of routes with maps and cue sheets. The consensus was that planning an out of town tour is a lot of work, but well worth the effort for the economical price for participants. A bicyclist would pay much more for such a well organized tour by any professional tour company.

Next time you see one of these hard working ride and tour leaders, ask them about their ideas for upcoming tours. You are sure to get an earful! Thanks goes to our new tour leaders Helen Berkman, Cyndy Klepinger, Kathy Stommel, Richard Gieseler and Lin Hark. This trip may be offered again, so keep an eye on the newsletter for a future weekend.

A justly-named side road along Poudre Canyon.

Everyone enjoyed a most generous tour de brew!

Kathy & Joe Stommel setting the pace...

While waiting for the rest of the gang to show up, we asked these nice people to sit in for them...

...and we all made it!

June Wildflowers a Highlight of the Day on the Dirty Bismarck

On a recent Saturday, a couple of club members did a loop on the Dirty Bismarck, also known as that fun mountain bike trail circling the inside of the Morgul Bismarck. The trailhead is officially at Marshall Mesa, but these two riders took a bus from Denver and jumped off at the Superior Park&Ride.

Grasses so tall, their seed-heads gently brushed our handle bars and obscured all but the nearest few yards of the trail ahead. Wildflowers of every kind announced their colorful selves, while the Flat Irons loomed nearby. Summer's heat would soon be upon us, but the day's cloud cover made for a cool and breezy ride.

- Five nights lodging with continental breakfast, WiFi, in-room microwaves, refrigerators
- Ride to Mt Princeton Hot Springs Resort where we will enjoy a leisurely soak and lunch
- Ride to Poncha Pass summit

Tour participants should be independent, FUN/INT level riders capable of doing their own tire and bicycle repairs if needed. SAG support will be provided only on the day we ride to Mt Princeton Hot Springs so you won't have to worry about carrying your swimsuit and towel. **While the tour routes are on paved roads, we also welcome DBTC members who are willing to find their own mountain bike routes.**

The Salida bike tour is priced at \$425 for all participants which includes five nights lodging, three group meals, activities listed above and guided routes. Sorry but we can't accept requests for camping or any other exceptions to the package price.

This tour will definitely fill up fast so don't wait; send your check for \$425 made payable to John Campbell, along with DBTC liability waiver and registration/medical form to: John Campbell, 6531 S. Logan St, Centennial, CO 80121. **Registrations must be received by Friday, August 1st.** Remember that registration funds are non-refundable but may be transferrable.

Cruisin' Cape Cod and Nantucket Tour

Sunday May 31 – Saturday June 6, 2015

Ellen Chilikas -- outdoorsdiva@yahoo.com

I've found a new outfitter who runs fun and interesting tours. International Bicycle Tours (IBT) is going to run a tour just for DBTC in June 2015, and the owner of the company is going to lead it! We'll stop at museums and other interesting places. We spend three nights in Cape Cod and then ferry to Nantucket Island for 3 more nights.

Cape Cod is a bicyclist's paradise:

you pedal past cranberry bogs, fishing villages, beaches (Atlantic Ocean and Cape Cod Bay) on bicycle trails and quiet neighborhood streets. Visits

to a cranberry museum, a natural history museum, whaling museum and lifesaving museum are on the agenda as is a beer tasting at the only brewery on Nantucket.

The tour includes double occupancy hotel rooms, full daily breakfast and dinner (lunch, drinks and snacks are on your own), use of hybrid bikes (you must use these bikes), all entrance fees and a knowledgeable guide. It also includes a shuttle for our group from Boston Logan airport to Cape Cod on the afternoon of Sunday 5/31 and a shuttle from Nantucket Island back to Boston Logan airport on Saturday 6/6. We all need to take the same shuttle so we will need to arrange our flights to arrive/depart close to the same time. Those flying in early will need to be at Boston Logan airport at a designated time to catch the shuttle—no exceptions. If you miss the shuttle, you will need to find your own way to Cape Cod to meet up with the group.

This is not a trip for really fast or really slow cyclists—

it's an advanced Fun or easy Intermediate tour. The group needs to ride together—we will use the signpost system and have a front and rear leader—you can't go ahead of the group or fall behind the group. You must be an experienced and strong cyclist—mileages will be ~25 miles a day with a pace of ~10mph on a fatter tire hybrid bike. We'll be riding mostly on bike paths and quiet streets but we will encounter traffic as well.

Cost for the tour is ~\$1425/person—the exact amount will depend on how many people sign up—minimum is 18 and maximum is 22. A reasonable single supplement is also available. \$25 of the tour cost will go to the DBTC.

A detailed

itinerary is available on request.

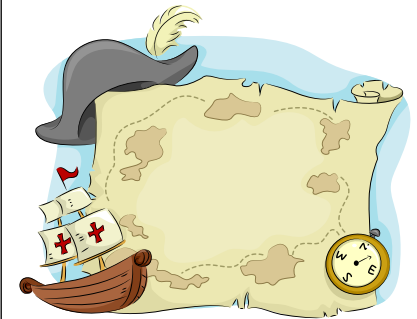

To reserve your spot, make out a check to IBT for \$400 and send it to Ellen Chilikas, PO Box 471803, Aurora, CO 80047. Signups will be first come, first served; you are not signed up until your check is received. **Deposits are due NLT 9/15/14.** All monies are transferable and not refundable; that means if you need to drop out, you will get refunded *only* if your spot can be filled. Trip insurance is recommended, and information on insurance will be sent to you prior to final payment in early 2015. Contact Ellen with questions at outdoorsdiva@yahoo.com.

We will have a **limerick contest** on the trip—we have to since we are going to Nantucket! Clean limericks only—nothing obscene—but it just seems appropriate. The winning limerick will be published in the newsletter!

Map Help Wanted

As many of you know, DBTC's main source of income, our popular map is sorely outdated. The last update took place in 2011; since then, several changes have occurred on streets & trails, and we have additional light rail stations—more of which will be opening in the coming year.

The current batch of maps will be sold out by year-end. **Without this important source of club funding**, we will soon be forced to increase dues, and/or charge more for events such as the picnic and volunteer recognition luncheon.

HERE'S HOW YOU CAN HELP:

Contact Doug Schuler (Mapsales@dbtc.org) to join the update crew. **All it involves is to get out and ride your bike**, then submit any changes you've noticed on your favorite routes (this also gives you the chance to discover some new rides in your area and see new sights while noting what changes need to be made on our map this year). We could also use a Map Update Coordinator, who will take all the updates from our riding reviewers (ideally one from each quadrant: N, S, E and W), and work with the map printer to get it amended and printed by season's end.

It only takes a little extra time, a few more miles on your steed, and lots of help from our former Map Coordinator, Steve Ingraham. **THANKS IN ADVANCE!!**

Superior–Marshall–Louisville Ride Gets a New Twist by Jeff Krinsky

The ride on Saturday May 24 included a tour of Rock Creek, Old Town Superior, Marshall Mesa, and the trails of Louisville. Kevin Purdy, who is from Louisville, introduced us to a better way to complete the uphill loop. It includes a major winding switchback (see photo, right) that reminded me of Lombard Street, the infamous winding road in San Francisco. (I will

officially incorporate this hidden gem into my next ride through Louisville!) Lunch followed at the new Doug's Day Diner at Rock Creek Village, our meeting place in Superior.

Attention Ride Leaders...

There is a new addition to our Ride Sign-in Sheet. When you download it from the website you will notice there are now three pages in the document. The first two still contain our waiver info and entry spaces for riders to fill in. The new, 3rd page is an optional sign to place at your ride start location. Feel free to slip it into a page protector sleeve, tape inside your car's rear window (when parking head-in), or leave on your dash. There's no obligation, but one of our members thought the idea would be useful for promoting our club, so thanks in advance for your help!

Be sure to check the ride schedule so you can mark your calendar for upcoming events. We have several MTB trips to the mountains, as well as trail building events. For the others, we will have rides in Winter Park, Idaho Springs, Boulder and throughout the metro area.

DBTC SUMMER 2014 50th Season!

Summer is here and the season goes fast, so join us for some interesting rides. Be sure to read the schedule to plan your rides so you don't miss the 50th BIRTHDAY BASH, a day in Winter Park, rides in Boulder, MTB trips to the mountains and exploring the metro area.

If you'd like to include an activity in the newsletter, please email it to ridecoordinator@dbtc.org by the 20th for the next newsletter or contact Patty at 303-989-8268.

Many of our members love winter sports and want to continue enjoying the outdoors with their DBTC friends. The DBTC Message Board will be our main means of communication through the winter months. If you'd like to post an event, simply go into the site. Remember not all members have email so if you have it in the newsletter all members are notified.

Rides are cancelled if the temperature is below 40 degrees at start time or it is raining or snowing. Be ready to start at the time listed – tires pumped up and bike ready. The ride leader is not a mechanic so if your bike needs repair, please take it to the shop.

Ride Locator: There is a guide to the most frequent start locations on our website – www.dbtc.org. It provides the information you need to use Map Quest or Google Maps to make a map to the starting location.

If you'd like to include an activity in the newsletter, please email it to ridecoordinator@dbtc.org by the 10th for the following newsletter or contact Patty at 303-989-8268.

DBTC's E-Mailing Lists

Get late breaking news, last minute ride updates, and short-notice of weekday rides, all e-mailed directly to you as soon as the information is posted. If the weather is "iffy", a ride leader can post a notice to let you know if the ride will go or be cancelled.

Twitter account is @DenverBikeClub – note that many members do not tweet.

DBTC Meetup group at www.meetup.com/Denver-Bicycle-Touring-Club/ be used to post rides as well. Once you have posted your ride, we will review the ride information to be sure it complies with the club requirements then upload it to the MeetUp web site where you can edit your ride. MeetUp is open to the public and can increase the number of riders on your rides and, hopefully, club members. Rides cannot conflict with the ride schedule. If you have registered with MeetUp, we will post your scheduled rides. **We are also on Facebook** if you want to share pictures or bike related news.

The DBTC Website operates independently from the Yahoo Groups. The Yahoo Groups send only e-mail messages concerning some upcoming events. The DBTC monthly Newsletter, The Colorado Bicyclist, is sent to you from the DBTC Website via e-mail only if you have so requested.

You can join any or all groups. After you send the e-mail requesting to join, you will be contacted via e-mail with a confirmation. If you'd like to post an event, simply go into the site. Remember that only club-related activities can be posted. We reserve the right to cancel any posting we don't think is appropriate. See the website for posting rules.

Please Note:

Joining Facebook or any other group does not make you valid member of the DBTC.

If your e-mail address changes, you must send your new e-mail address to the DBTC webmaster (webmaster@dbtc.org). The DBTC monthly Newsletter, The Colorado Bicyclist, is sent to you from the DBTC Website via e-mail only if you have so requested.

Guidelines for Posting a Last-Minute Ride (via MeetUp or Yahoo)

Dale Trone

The purpose of the schedule is to allow us to provide a variety of rides throughout the metro area. Depending on last-minute rides does not meet that goal; however, there are times when no ride is scheduled within a reasonable driving distance so you might want to add an alternative.

The guidelines for posting last minute rides are:

1. The leader must be a member
2. There can't be a similar ride on the published schedule
 - a. Geography – a ride in Parker is NOT similar to one in Golden

- b. AND start time – a 9 AM ride is NOT similar to a 3 PM ride
- c. AND speed type – ROAD and FUN rides are NOT similar
- d. AND distance – a 35 mile ride is NOT similar to a 20 mile ride
3. When a last-minute ride appears to fall into the gray area such as 20 vs 25 miles, FUN rides starting an hour apart with start locations both in Aurora, then contact the scheduled ride leader to see if s/he feels the ride would compete. It might be better to simply join the other ride.

We don't get details of where we are working until it's almost time for the event, so it's important that you use the website www.minicrew.org for sign up. This allows us to get in touch with you via e-mail, usually by Monday of the week we will be on trail. This also allows Jefferson County Open Space trails staff to get our MiniCrew to spots that need some immediate repairs. All the locations are close to Golden, so we can get a few hours on trail after work and before the sun goes down. If you have trouble with the sign up, please contact *Fred Berry* at 720-840-8596 or fred.berry@gmail.com.

We have a full service Bike Shop offering new and used bikes and accessories, an affordable [Service](#) menu and a [Fix Your Bike](#) program where you can come to our shop and utilize our space and tools with the help of our Volunteer Mechanics. Donated Bicycles are recycled to low income local residents through our [Earn A Bike](#) programs or refurbished and sold in our bicycle shop to support all of our community service programs. For more info, visit thebikedepot.org.

The Golden Optimist Club operates a bicycle workshop at Heritage Square in Golden for eleven months a year. They accept new or used bicycles to be fixed and donated to those who want one. The bicycles are given to the people on the Hopi and Navajo reservations in northern Arizona. Every year a group of Optimists takes the bikes to Arizona to distribute and repair any bikes already there. Howard Bagdad, former DBTC President, heads the volunteer group which includes several DBTC members working on the bikes throughout the year. To donate a bike or to become a volunteer helping refurbish the bikes, contact Howard at 303-278-0541 or hbagdad@aol.com. Go to www.GoldenOptimists.org for more information about the Optimists.
