## DBTC's Annual Run for the Board

### Greetings DBTC Members!

As you know, DBTC is a VOLUNTEER organization. We know that our membership possesses a vast range of skills and experience!

Among the Club's ongoing needs are LEADERSHIP, PLANNING and SUPERVISION. These needs are variously met by our Board of Directors. Under our rules, four Directors need to be elected each year.

We primarily rely on members to SELF-NOMINATE for these positions.

Responsibilities start with monthly Board of Directors meetings. The meeting includes FREE DINNER. Beyond that, members perform other duties (if they like) such as Secretary, President, Vice President and Treasurer. Specialties such as marketing, bicycle advocacy, touring and event planning are also needed.

This is YOUR INVITATION to nominate yourself! Even if you are not interested, perhaps you know another member that you think would be a good Director, and you can suggest that they nominate themselves. Due to the difficulty in maintaining a Board, the chances are good that self-nominated members will be elected...and at the least, would be considered immediately when vacancies occur.

Please give this some thought. We NEED people with YOUR unique experiences and perspectives to keep the Club evolving along with its membership and its community.

See page 10 for further info. Thank you for your consideration of this opportunity!

## Prospect Picnic Party Pleases Pedalers

The DBTC fiftieth anniversary summer picnic and the featured 50-50-50 rides began at 8 AM when Lise Neer led a small, brave group for a 50 mile ride. The weather was good and the sun was shining as they wandered south to Bear Creek Lake Park, west to Red Rocks and north to Golden. They returned a little over 5 hours later to the shelter at Prospect Park where grilled burgers awaited them. They also enjoyed the cupcakes provided by the club for our 50th anniversary party.

At 9 AM Jeff Krinsky led a group on a 50K ride. Also featured were a fun ride by the Chowens, and a leisure ride that headed out towards Golden and back again within a fifty-minute time frame. The largest group came for the MTB ride at South Table Mountain. They must have enjoyed the day as they were still sitting around the picnic table after the food was gone and the rest of us were heading home.

We are all grateful to Cyndy who became the chairman of the picnic late in the game. She jumped in when the original planner jumped ship. Cyndy had some struggles getting accurate information. It took several days of sleuthing to find the "Blue Picnic Notebook" which finally appeared at a member's house. She managed to get it all together with enough food and fun for everyone to have a good time.

We had 100 reservations and served 120 hamburgers and 36 hot dogs. I think that means 36 of you had a burger and a hot dog. Cyndy sliced 10 pounds of tomatoes and we had drinks and chips. Thanks to all who pitched in at the last minute to get things done.

In the past month there have been several calls for volunteers to help at the picnic and most went unanswered. This club belongs to you, the members, and your participation is critical if we are to have such events. Don't pass up a chance to volunteer early and often.

It's time to think about replacing the three or four members of the board who will be finishing their terms this year. If you think you have something to contribute to the club or believe you would be a good board member, please see the nomination instructions on page 10 or contact Gaar Potter. Dozens of members have successfully served on the board. I'm asking you to consider it right now. Don't wait to be asked again—just let us know of your interest.

– Brad

## July Picnic, continued...

Above, ten riders joined Diane & Wes's ride to the various commuter rail sites included a stop at the revamped Union Station and a street fair in Globeville. We viewed the train "car wash," beautiful murals under the viaduct with snatches of philosophy and areas of the city where some riders had never been. We rode 24 miles and got back just in time for lunch.

Below, mountain bikers taking a break at the top of South Table Mountain—all smiles despite its being "hotter 'n' blazes"—before heading back for the picnic.

## July Rides

Sandi Bianchi led riders up NCAR Mountain in Boulder where they learned about all things weather. Merri Bruntz led a loop highlighted by a stop at the REI Starbucks.

# Cruisin' Cape Cod and Nantucket Tour

Sunday May 31 – Saturday June 6, 2015

Ellen Chilikas -- [outdoorsdiva@yahoo.com](mailto:outdoorsdiva@yahoo.com)

I've found a new outfitter who runs fun and interesting tours. International Bicycle Tours (IBT) is going to run a tour just for DBTC in June 2015, and the owner of the company is going to lead it! We'll stop at museums and other interesting places. We spend three nights in Cape Cod and then ferry to Nantucket Island for 3 more nights.

## Cape Cod is a bicyclist's paradise:

you pedal past cranberry bogs, fishing villages, beaches (Atlantic Ocean and Cape Cod Bay) on bicycle trails and quiet neighborhood streets. Visits to a cranberry museum, a natural

history museum, whaling museum and lifesaving museum are on the agenda as is a beer tasting at the only brewery on Nantucket.

The tour includes double occupancy hotel rooms, full daily breakfast and dinner (lunch, drinks and snacks are on your own), use of hybrid bikes (you must use these bikes), all entrance fees and a knowledgeable guide. It also includes a shuttle for our group from Boston Logan airport to Cape Cod on the afternoon of Sunday 5/31 and a shuttle from Nantucket Island back to Boston Logan airport on Saturday 6/6. We all need to take the same shuttle so we will need to arrange our flights to arrive/depart close to the same time. Those flying in early will need to be at Boston Logan airport at a designated time to catch the shuttle—no exceptions. If you miss the shuttle, you will need to find your own way to Cape Cod to meet up with the group.

This is not a trip for really fast or really slow cyclists—it's an **advanced Fun or easy Intermediate tour**. The group needs to ride together—we will use the signpost system and have a front and rear leader—you can't go ahead of the group or fall behind the group. You must be an experienced and strong cyclist—mileages will be ~25 miles a day with a pace of ~10mph on a fatter tire hybrid bike. We'll be riding mostly on bike paths and quiet streets but we will encounter traffic as well.

Cost for the tour is ~\$1425/person, depending on the exact number of participants—minimum is 18 and maximum is 22. A reasonable single supplement is also available. \$25 of the tour cost will go to the DBTC.

A detailed itinerary is available on request.

**To reserve your spot**, make out a check to IBT for \$400 and send it to Ellen Chilikas, PO Box 471803, Aurora, CO 80047. Signups will be first come, first served; you are not signed up until your check is received. **Deposits are due NLT 9/15/14**. All monies are transferable and not refundable; that means if you need to drop out, you will get refunded *only* if your spot can be filled. Trip insurance is recommended, and information on insurance will be sent to you prior to final payment in early 2015. Contact Ellen with questions at [outdoorsdiva@yahoo.com](mailto:outdoorsdiva@yahoo.com).

We will have a **limerick contest** on the trip—we have to since we are going to Nantucket! Clean limericks only—nothing obscene—but it just seems appropriate. The winning limerick will be published in the newsletter!

## News & Events from BikeDenver

### Cycle-in Cinema on Platte Street

August 14, 21, 28  
Doors at 7:30pm,  
movie starts at dark  
REI parking lot  
(1416 Platte Street)

If you have ever been to a drive-in movie, you know how romantic it is to watch a movie outdoors. We imagine that experience would be even better if it were car free, so we are launching a bike-in movie series at REI. Hundreds of our friends and neighbors will spread out on blankets, catch a flick, chow on grub from food trucks, and sip a beer beneath the stars. All ticket and beer proceeds will benefit BikeDenver.

We look forward to watching everyone ride in and out on their bicycles – lights flashing and bells ringing.

### CO Bike Share Day

*BikeDenver is Denver's bicycle advocacy organization and the leading non-profit to promote and encourage bicycling as an energy efficient, non-polluting, healthy and enjoyable transportation alternative in and around Denver.*

## Bike To Work Day

Doug Schuler, booth coordinator

This year's Bike To Work Day broke all previous records in the following categories; breakfast stations, vendors in Civic Center, number of riders riding to work and the number of riders stopping by Civic Center Park. Six DBTC members volunteered in our booth where we answered questions, passed out brochures and gave away medical alert stickers.

**A big Thanks to all our booth Volunteers!** Many who came early and helped with setup also got to join a 9AM ride from Civic Center with Patty Gaspar. Her group picked up more riders at City of Cuernavaca Park as they headed west.

## USA Pro Challenge has Volunteer Opportunities

DBTC member, Bob Lytle sends this invitation to help the JeffCo Sheriff's Dept. with **Course Marshaling on Sunday, August 24**. For additional details, the flyer (including Volunteer Sign-up form) is on page 8.

Bob's sister-in-law, Vickie Lytle, is working with the Jeffco Sheriff's Department recruiting volunteers to assist with traffic and pedestrian control along the route of the USAPC race in JeffCo. The race is from Boulder to Denver and will go through JeffCo on Sunday, Aug 24. As you know, this will involve some of the top cyclists and teams in the world, including many from the Tour de France.

Bob plans to volunteer for this, and thought other DBTC members and/or their families and friends might also be interested.

**Please note, when returning your form to Vickie, that you are a DBTC member** so we get some recognition for DBTC as doing a community service.

## DPD Launches Stolen Bike Online Reporting System

Allison Sylte (KUSA-TV), July 9, 2014

The Denver Police Department is launching a new online reporting system aimed at helping bicycle owners reunite with their beloved transportation devices in the event of a theft.

The reporting system, called "Coplogic," lets bicycle owners register their bikes. This information is stored in the department's Record Management System and is readily available to officers, who can use it to quickly identify the rightful owner of a stolen bike.

**You can register your bike here:**

<https://secure.coplogic.com/dors/en/filing/showprefilingquestion?dynparam=1406251626474>

**Here are some additional tips to avoid a stolen bike:**

Ensure that where the bicycle is stored is secure, such as a locked garage or shed.

Use a quality lock to secure your bicycle and include the frame and front wheel. Do not only secure the wheel or use cable locks, as they are easily cut.

Include owner identification details somewhere on the bike, such as a business card or phone number pushed down inside the seat tube.

Take a picture of your bicycle, so that it will be helpful for you to identify it if recovered. Take note of any marks or unique characteristics of your bike to help with identifying it.

# 2014 USA Pro Cycling Challenge

**V o l u n t e e r ! !      G e t   I n v o l v e d ! !**

The USA Pro Cycling Challenge is one of the largest spectator events in Colorado history. For seven consecutive days, the world's top bicyclists will race across over 550 miles through the majestic Rockies competing on a challenging course through some of America's most beautiful scenery.

Stage 7 begins in Boulder and ends in Denver, passing through Jefferson County on Sunday, August 24, 2014. The Jefferson County Sheriff's Office is seeking civilian volunteers to assist with traffic and pedestrian control along the route. Police Officers will also be assisting. We expect the race to pass through unincorporated JeffCo between 1-2pm. Volunteers will be asked to report to a designated staging area 2 hours prior.

To volunteer as a **course marshal** for this year's race, complete the bottom portion of this form and return it to: Vickie Lytle at [valytle@gmail.com](mailto:valytle@gmail.com). Volunteers will be given an orientation the week prior to the race. Applications due no later than August 8, 2014.

## Attention Ride Leaders...

There is a new addition to our Ride Sign-in Sheet. When you download it from the website you will notice there are now three pages in the document. The first two still contain our waiver info and entry spaces for riders to fill in. The new, 3rd page is an optional sign to place at your ride start location. Rear window, dashboard, wherever it's visible--so far, it's getting some use (below right)! There's no obligation, but one of our members thought the idea would be useful for promoting our club, so thanks in advance for your help!

**Rides are cancelled** if the temperature is below 40 degrees at start time or it is raining or snowing. Be ready to start at the time listed – tires pumped up and bike ready. The ride leader is not a mechanic so if your bike needs repair, please take it to the shop.

**Ride Locator:** There is a guide to the most frequent start locations on our website – [www.dbtc.org](http://www.dbtc.org). It provides the information you need to use Map Quest or Google Maps to make a map to the starting location.

## Guidelines for Posting a Last-Minute Ride (via MeetUp or Yahoo)

Dale Trone

The purpose of the schedule is to allow us to provide a variety of rides throughout the metro area. Depending on last-minute rides does not meet that goal; however, there are times when no ride is scheduled within a reasonable driving distance so you might want to add an alternative.

### The guidelines for posting last minute rides are:

1. The leader must be a member
2. There can't be a similar ride on the published schedule
  - a. Geography – a ride in Parker is NOT similar to one in Golden

- b. AND start time – a 9 AM ride is NOT similar to a 3 PM ride
  - c. AND speed type – ROAD and FUN rides are NOT similar
  - d. AND distance – a 35 mile ride is NOT similar to a 20 mile ride
3. When a last-minute ride appears to fall into the gray area such as 20 vs 25 miles, FUN rides starting an hour apart with start locations both in Aurora, then contact the scheduled ride leader to see if s/he feels the ride would compete. It might be better to simply join the other ride.

**MTB P3, T3, 10:30 AM, Gold Dust Trail** THE RIDE: Meet *Eric Esswein* (303-638-2300) for a fantastic experience on the Gold Dust Trail. The ride is about 16 miles, with about 1,700 feet of elevation gain. It is an out and back, unless you want to ride the dirt road back to Como, which is an option, but not a recommended one because you'll miss a great descent. The ride stands out for a variety of reasons: the quality (and, at some times, the difficulty) of the riding, the lack of crowds, an alpine pass and a long descent. The ride can be considered as having three sections, each of which begins at a dirt road. The first of these sections begins at an elevation of 9,813' with a gentle climb through twisties of aspen and lodgepole pine. Then there is a short rocky portion where it's best just to get off your bike and walk. Then there is fine single track, ending up heading downhill toward a series of wooden bridges and trail armouring wisely installed to protect the fragile soil of a beautiful creek and wetland. The second section of the ride starts after crossing a (dirt) county road. Break here for a quick snack if needed before starting a gradual climb to hook up with an old water diversion ditch. The ride goes right through the middle of this dirt ditch, where there are banked corners to play on as the ditch banks back and forth for a mile or more. The grade is never too steep to maintain momentum and keep the meter pegged. Next, after crossing a small creek, is another dirt road, where the third section begins. Look for blue diamond trail markers on the other side of the road. After crossing the road, ascend sections of single and double track. (This is the steepest section of the ride, but it's still reasonable.) The trail eventually tops out on the (dirt) Boreas Pass road. Turn left and ride 1/4 mile to the top of the pass at 11,492'. Check out an old railroad train car and some old Forest Service buildings and enjoy the spectacular mountain scenery of an alpine pass. As you might have guessed, now the fun continues with a very sweet descent of all that fine single track you just climbed. THE

DIRECTIONS: The trailhead for the Gold Dust Trail is located (somewhat inconspicuously) immediately outside the private property entrance to Camp Como (a private Christian camp) just NW of Como, CO. Drive CO Hwy. 285 south to Como, which is 70 miles from the intersection of C-470 and Hwy. 285. Turn right (west) off Hwy. 285 onto CO Rd. 33, which will take you into Como (population 20). At the 2nd or third intersection in town, turn left and drive to Pine St. and turn right. Follow Pine Street (or the signs in town to Camp Como) to the entrance to the camp and park outside the gates on the right side of the road. Look on the south side of the road for a blue diamond trail maker in the trees. For a map of the location of Camp Como go to <http://www.campcomo.com/location-and-directions>.

Alternatively, you can meet Eric Esswein at 8:30 AM at the back of the Kum-n-Go at 30393 Kings Valley drive in Conifer (at the corner of Kings Valley Drive and Hwy. 285). Look for a silver Toyota 4 Runner. The Kum-n-Go has and energy-type snack foods and decent coffee. THE FOOD: If it is still open, plan for après at the Como Depot, Eating House and B&B where we can chat up David (British ex-pat) and his wife, Moya, partake of and refresh with some great food and, if you like, a fine Colorado or British ale or two.

**Sunday, August 31st** **FUN-H2-28-SW 9:00 AM – Secret Trails of the S.W.** Meet *Bob Shedd* (720-290-6014) at the RTD Littleton Downtown Station, on the west edge of the parking lot located at Alamo Avenue & Prince Street. Bob has added several quality miles to his route south and west on "secret" bike paths (all fully paved) in the Columbine and Ken Caryl areas. Optional lunch afterward is at Merle's Restaurant on Main Street, within 3 blocks of the starting location.

**FUN-H2-30-NW 9:00 AM** Meet *Merri Bruntz* (303-517-9781) at Twin Lakes Park (70th & Broadway) for a ride west on the Clear Creek Trail to Golden. We will then ride back east on 32nd and 26th to Crown Hill, through Wheat Ridge neighborhoods and back to the trail riding east back to the start.

**Monday, Sept. 1st** **Labor Day FUN/INT-H2.5-25 NW 9:00 AM** Meet *Jeff Krinsky* (720-373-9107) for the award winning Tour de Boulder ride that includes an amazing JUGGLING presentation. You saw the preview at the Kickoff Dinner. Now is your chance to finally see me eat those red peppers! The ride will concentrate on the Boulder Creek, Skunk Creek and Bear Creek paths that are pretty flat but we will try to take Boulder Creek a little ways up into the foothills before turning around. The adventure begins at the parking lot near the jungle gym rocket at Scott Carpenter Park in Boulder at the SW corner of 30th ST and Arapahoe Avenue. Be there or be trapezoidal!
