Board Meeting

Any member wishing to attend a board meeting is welcome to attend. The next board meeting dates are Tuesday, Sept. 2nd and Tuesday, Oct. 6th at El Senor Sol, 2301 7th St., 6PM. If you wish to address the board, contact the secretary, Carolyn Bauer: secretary@dbtc.org, or 303.740.8491 so that your topic can be placed on the agenda.

Words from the President

Amendment(s) to Club By-Laws

The bylaws call for a mail ballot for each board election. This is expensive and impractical now that DBTC has email and online resources.

The change to the bylaws would eliminate the mail ballot requirement. The board election would be conducted like all other club business, with a majority vote at a meeting.

For several years the board election has been conducted at a member meeting without a mail ballot; the change would bring the bylaws up to date with actual practice.

The process for choosing qualified candidates has not changed.

Please visit DBTC.org for the full text of the DBTC bylaws.

2014 UPCC (USA Pro Cycling Challenge), and Other Acronyms

Late last month, I was in western Colorado following the USA Pro Cycling Challenge. It's an exciting race and a terrific way to show off our great state. Many are not familiar with the race or what it means, so I am going to give a brief explanation.

It all starts with the International Olympic Committee. This is the governing body for organized sports all over the world. One of the committees governed by the IOC is the International Cycling Union which comes out UCI in most languages. The UCI sets rules and governs who will race, when, where and what it will mean. All Olympic potential amateur and professional sports have such a governing body.

The UCI works with national and local groups to sanction and sponsor a dizzying number of events. There are road and MTB events for men and women all over the world. Don't forget Cyclo-Cross and BMX, which were added recently. See www.uciworldcyclingtour.com/ for more. Each event has defined qualifications for the participants. Each event is given a level of difficulty. All this is worked out by the sponsors and the UCI. The UPCC is considered one of the more difficult, especially with the high

Meet our Board Candidates...

Scott Houchin

I have been a long time member of DBTC and enjoy both summer bike rides and winter ski trips. I live in downtown Denver and as a Board Member, I will try to increase the amount of DBTC exposure to the Denver bike scene, which is HUGE. I am part of the City of Denver's "Courtesy Patrol" which monitors the bike paths. I am retired from the feds and went to EMT School so that I can be a medic on bike rides in the summer and ski patrol in the winter. It is working – I am a medic on bike rides all over the country and hope to bring that knowledge and experience to DBTC.

Lise Neer

My first ride with the DBTC was as a guest, on a Summer evening back in 1995. I became a member of the club not long after that, then served on the Board in 2007-08. Meanwhile, as an advocate for better bicycling, I put in nine years as part of BikeDenver's startup crew, and helped hire our first Executive Director. Last year I began leading some of our club rides, and have been producing the newsletter since 2008. Having just completed a second term on the DBTC Board, I've decided to run for one additional year. Our Membership/Marketing committee has put a lot of energy into attracting new members (and retaining those we have), and I see a need to follow through on these efforts. Let's keep the Club going/growing for another 50 years! I also would love to see more interested souls join us on the Board and lend their enthusiasm.

Board of Directors Nominations...

There are **two more positions to fill**. The term of office is two years and starts in November. Attend monthly dinner meetings from approximately 6-8 PM, and help maintain your club. Submit photo and bio to Gaar Potter, gaarpo@comcast.net by Sept. 19.

Ski/Snowshoe: A Weekend in Pitkin County

Fri Jan 30 –
 Mon Feb 2, 2015
 Leader: Ellen Chilikas
 outdoorsdiva@yahoo.com

Ellen is planning another weekend winter trip, this time to Pitkin County. We'll be based in Glenwood and ski/snowshoe in Carbondale and up the valley to Aspen/Snowmass. Nordic ski plans may include Spring Gulch in Carbondale, Ashcroft near Aspen and the nordic center at Snowmass. Downhillers have lots of obvious choices. Snowshoers can play at Sunlight and Ashcroft and Redstone. Then, there's fine dining in Glenwood as well as the hot springs. Ellen is putting the finishing touches on the hotel details and costs – please contact her if you are interested in joining the fun!

Dog Daze of Summer... Refreshments on the Club!

Nine riders met downtown in early August for this ride to the Cherry Creek Dam and back. We adopted a Dog Daze Ride mascot at the Four-Mile Historic House, and on our return, the club rewarded us at REI Starbucks with a free beverage for our efforts!

Cruisin' Cape Cod and Nantucket Tour

Sunday May 31 – Saturday June 6, 2015

Ellen Chilikas -- outdoorsdiva@yahoo.com

I've found a new outfitter who runs fun and interesting tours. International Bicycle Tours (IBT) is going to run a tour just for DBTC in June 2015, and the owner of the company is going to lead it! We'll stop at museums and other interesting places. We spend three nights in Cape Cod and then ferry to Nantucket Island for 3 more nights.

Cape Cod is a bicyclist's paradise: you pedal past cranberry bogs, fishing villages, beaches (Atlantic Ocean and Cape Cod Bay) on bicycle trails and quiet neighborhood streets. Visits to a cranberry museum, a natural history museum, whaling museum and lifesaving museum are on the agenda as is a beer tasting at the only brewery on Nantucket.

The tour includes double occupancy hotel rooms, full daily breakfast and dinner (lunch, drinks and snacks are on your own), use of hybrid bikes (you must use these bikes), all entrance fees and a knowledgeable guide. It also includes a shuttle for our group from Boston Logan airport to Cape Cod on the afternoon of Sunday 5/31 and a shuttle from Nantucket Island back to Boston Logan airport on Saturday 6/6. We all need to take the same shuttle so we will need to arrange our flights to arrive/depart close to the same time. Those flying in early will need to be at Boston Logan airport at a designated time to catch the shuttle—no exceptions. If you miss the shuttle, you will need to find your own way to Cape Cod to meet up with the group.

This is not a trip for really fast or really slow cyclists—it's an **advanced Fun or easy Intermediate tour**. The group needs to ride together—we will use the signpost system and have a front and rear leader—you can't go ahead of the group or fall behind the group. You must be an experienced and strong cyclist—mileages will be ~25 miles a day with a pace of ~10mph on a fatter tire hybrid bike. We'll be riding mostly on bike paths and quiet streets but we will encounter traffic as well.

Cost for the tour is ~\$1425/person, depending on the exact number of participants—minimum is 18 and maximum is 22. A reasonable single supplement is also available. \$25 of the tour cost will go to the DBTC. A detailed itinerary is available on request.

To reserve your spot, make out a check to IBT for \$400 and send it to Ellen Chilikas, PO Box 471803, Aurora, CO 80047. Signups will be first come, first served; you are not signed up until your check is received. **Deposits are due NLT 9/15/14**. All monies are transferable and not refundable; that means if you need to drop out, you will get refunded *only* if your spot can be filled. Trip insurance is recommended, and information on insurance will be sent to you prior to final payment in early 2015. Contact Ellen with questions at outdoorsdiva@yahoo.com.

We will have a **limerick contest** on the trip—we have to since we are going to Nantucket! Clean limericks only—nothing obscene—but it just seems appropriate. The winning limerick will be published in the newsletter!

Almost full! One gentleman needs a roommate. Taking people for a wait list as well. Contact Ellen at outdoorsdiva@yahoo.com

Low cost trip price of \$40 per person does not include accommodations. Camping will be at the Lady Bird Municipal Park, with tent camping at about \$12 per night and RV camping at roughly \$30/night. There are a number of B&Bs and motels nearby in Fredericksburg. There will be 5 days of riding with an optional 6th day for more riding or sight seeing. We will be staying near the Historic German town of Fredericksburg, right in the middle of the Texas Hill Country. This is the spring flower season with the Blue Bonnets in bloom as well as other wild flowers. Rides will be approx. 20-30 miles in length (with longer options). Expect hills. Fredericksburg offers unique German cuisine as well as local Tex-Mex, local wineries and brewpubs. Shoppers will find over 150 boutiques, art galleries and antique emporiums, not to mention an herb farm, wildflower farm, and National Museum of the Pacific War. Rides will be loop types with different start/stop locations, and will highlight the local history, scenery, LBJ Ranch, Luckenbach, wineries and more. You must set up your own reservations for RVs, Motels, and B&Bs. Tenters do not need to make reservations at the Lady Bird Park. Marilyn & Don Swett will be your hosts on this ride. elevation mountain climbing.

The result of all these events is an equally amazing number of awards and honors that go to participants. For example, the UPCC has 7 stages in 7 days. Each stage has a winner for the fastest rider, called the GC, or General Classification. Any stage can have additional awards such as KOM (King of the Mountain), the first rider across a specific location on a mountain. Sprinter awards can be given for the first to pass a sprint line, usually on a flat where speeds can build. Every stage has a Best Young (under 23) rider and a most aggressive rider chosen by the judges. The UPCC also added a Best Colorado Rider sponsored by CSU.

There are of course awards for the entire race. The most desirable is the rider with the fastest total time—the GC. This year the winner was Tejay van Garderen who lives in Boulder. The USA Pro Cycling Challenge is part of the American Tour. There are seven races in the American Tour, which are listed below. Participant scores are added over the season to come up with the winner of the

American Tour Cup.

Other important world tours are the Africa Tour, Asia Tour, Criterium, Europe Tour, Oceania Tour and the World Cycling Tour.

The most well-known race is the Tour de France, which takes place in mid summer. Many of the best riders in the Tour de France come to Colorado and challenge themselves to the highest mountains of any race in the world. In 2011 and 2012, the UPCC included the first, second and third place finishers of the Tour de France. This year, Tejay van Garderen overcame crashes and illness to place fifth in the Tour de France. He came back to Colorado and took the UPCC for the second year in a row.

Old Bikes

Have any old, unused, or unwanted bikes around the house? Two organizations are accepting donations:

The Bike Depot is a 501(c)(3) nonprofit community bike shop that supports Denver communities with a wide range of bicycling programs, services and products. We have a full service Bike Shop offering new and used bikes and accessories, an affordable [Service](#) menu and a [Fix Your Bike](#) program where you can come to our shop and utilize our space and tools with the help of our Volunteer Mechanics. Donated Bicycles are recycled to low income local residents through our [Earn A Bike](#) programs or refurbished and sold in our bicycle shop to support all of our community service programs. For more info, visit thebikedepot.org.

The Golden Optimist Club operates a bicycle workshop at Heritage Square in Golden for eleven months a year. They accept new or used bicycles to be fixed and donated to those who want one. The bicycles are given to the people on the Hopi and Navajo reservations in northern Arizona. Every year

a group of Optimists takes the bikes to Arizona to distribute and repair any bikes already there. Howard Bagdad, former DBTC President, heads the volunteer group which includes several DBTC members working on the bikes throughout the year. To donate a bike or to become a volunteer helping refurbish the bikes, contact Howard at 303-278-0541 or hbagdad@aol.com. Go to www.GoldenOptimists.org for more information about the Optimists.

September 2014 Ride & Event Schedule

Summer is winding down already. Enjoy the Indian Summer as the crisp fall air is on its way. Be sure to read the schedule to plan your rides so you don't miss the great things in store for this month.

If you'd like to include an activity in the newsletter, please email it to ridecoordinator@dbtc.org by the 20th for the next newsletter, or contact Patty at 303-989-8268.

Monday, Sept. 1st Labor Day **FUN/INT-H2.5-25 NW 9:00 AM** Meet *Jeff Krinsky* (720-373-9107) for the award winning Tour De Boulder ride that includes an amazing JUGGLING presentation. You saw the preview at the Kickoff Dinner. Now is your chance to finally see me eat those red peppers! The ride will concentrate on the Boulder Creek, Skunk Creek and Bear Creek paths that are pretty flat but we will try to take Boulder Creek a little ways up into the foothills before we turn around. The adventure begins at the parking lot near the jungle gym rocket at Scott Carpenter Park in Boulder at the SW corner of 30th ST and Arapahoe Avenue. Be there or be trapezoidal!

Wednesday, Sept. 3rd **FUN-H3-28-SW 9:30 AM** Meet *Dave Noble* (home 303-694-2008, cell 303-906-3163) for a pleasant (although somewhat hilly) ride through a number of areas such as Lilly Gulch, Bear Creek, Bow Mar, and Grant Ranch. MTB P2-3, T2-3, 11:00 AM, Sourdough Trail. THE RIDE: Meet *Cathy Leibowitz* (720-644-7189) at the trailhead near the University of Colorado Mountain Research Station. This is one of the most enjoyable single tracks in Western Boulder County. The ride is an out-and-back, about 5.8 miles each way. The ride starts with a ~1 mile rocky climb, then some flatter stretches, switchbacks and rolling hills. The trail remains mostly in the trees with occasional views onto the plains. The last mile or so drops, then climbs a short, steep bank to another trailhead at Brainard Lake Road. THE DIRECTIONS: From downtown Nederland, at the roundabout where Colorado Highways 119 and 72 meet, drive north on Colorado Highway 72 (the Peak to Peak Highway - which actually runs west from the roundabout before turning north) about 7 miles to County Road 116 (also called Forest Service Road 298), which is just past a sign for the University of Colorado Mountain Research Station. Turn left (west) onto CR 116/FS 298. In about half a mile, park in the large parking lot on the left.
