Board Meeting

Any member wishing to attend a board meeting is welcome. The next board meeting date is Monday, June 13 at Southwest YMCA, 5181 W. Kenyon Ave, at 6:30PM. If you wish to address the board, contact the president, Kathy Stommel: cyclekats@gmail.com, or call 719-671-5579 so that your topic can be placed on the agenda.

The President's Page

Kathy Stommel

Could it be that we are finally done with cold, snowy weather? It feels like I've developed an allergy to the cold temps and need to soak in some warm sunshine to remedy the situation! I have a couple topics to share with you this month:

Ride Start Times

Our volunteer ride leaders put a lot of effort into planning the many social rides on our schedule. However, it's frustrating to have a group of people ready to go at the designated time only to have one or more additional riders show up at the last minute. This means everyone must wait while the late comers get their act together and then the leader is forced to repeat instructions and introductions. PLEASE be courteous of your fellow DBTC riders and arrive early enough to ensure you and your bike are ready to roll at the published ride start time. Remember as the weather gets warmer, the rides typically start earlier.

Waiver Form Policy Relaxed

Please read the article in this edition about the Board's decision to allow DBTC members to provide only a signature and printed name on the waiver forms. This should speed up the sign-in process at our social rides so we can spend more time on the move. Everyone is encouraged to carry emergency contact information and any important medical data in their seat pack or a helmet pouch.

Ride Leader Kits

We still have a supply of the new Ride Leader Kits available for any member that is willing to lead four or more rides this season. The kits include everything needed to be a ride leader including a clipboard, four Waiver forms, Ride Leader Guidelines, CPR & First Aid instructions, Incident Report, Business Cards, Membership Pamphlets, and a tube patch kit - all nicely packaged in a bright orange string-type backpack. Please contact any ride coordinator to volunteer and we'll find a way to get the kit to you.

I hope to see you all at the Frisco Ice Cream Social on June 18 and the DBTC Summer Picnic on July 9. Check the event calendar at www.dbtc.org for more information and registration.

Pictures and Articles for the Newsletter... This newsletter belongs to the members. If you have pictures or an article to share, please email them to ridecoordinator@dbtc.org. Only send one or two pictures, so you don't clog up my computer! Be sure to include details about who, when and where the picture was taken. If you have a photo to mail, contact the Ride Coordinator for the address. Remember we must give credit to the author. If you are a writer with an article of interest, we may make you a published author! The deadline for publishing is the 20th, but please send your articles earlier.

DBTC Volunteers @ the Bike Expo May 13-14, 2016

Several Denver Bicycle Touring Club members recently manned a booth at the Primal Bike Expo, a two-day celebration of bikes and community. The crew talked to many potential members about the club and its many rides and fun social events. Lin Hark led a ride from the Littleton area to the event!

Members volunteering include Dick Shelton, Ron Wagner, Mary Palmer, Terry Spence, Scott Houchin, Steve Thomas, Lin Hark, Jeff Krinsky and Cyndy Klepinger. **Thank you!!**

What did you say . . . ? by Cyndy Klepinger

Riding along the bike paths provides a great way to get exercise as well as some laughs and smiles . . .

But the interaction between riders may be entertaining. Here are some comments that I've recently heard while riding:

"What a minute what did you say? I have earphones in."

"Get the f*&^ out of my way!" said a young male rider to an older woman as he passed her while she was riding on her side of the path.

"Thank you" from a little boy after a positive comment was made about his cool Mohawk helmet.

"Stay to the right. Stay to the right. You are in my lane." (a rider said as he attempted to pass two riders going at a pace of 18 mph with an oncoming rider and walker.)

"On your left, ma'am." Appreciated the heads-up, but could have left off the ma'am.

And the best – "You are a stronger rider this year than last year!"

Not a comment, but a "what are you thinking?" The number of riders texting while riding. Really, you're that important?

Cake Crumbs Rides on Sundays Welcome FUN Riders Doug Schuler

The Cake Crumbs Rides are an ongoing group that averages 14-15 miles an hour. In order to accommodate riders of different abilities our rides are often split into two groups. Both groups will follow the same route with leaders for each group. The second group may or may not ride at a slower pace and may do a shorter ride.

Our purpose is for all cyclists to enjoy riding in a group at their comfort level. Group A will average 14-15 mile per hour pace for forty + miles and Group B will average about 11-13 miles per hour.

OFF THE BEATEN PATH: TUCSON BIKE TRIP NOVEMBER 14-19

Monday – Sunday, with the El Tour de Tucson on Saturday

Tour Leader – Cyndy Klepinger

bicyclist

You will experience an unforgettable week of expansive mountain vistas, peaceful desert scenery and extraordinary bike rides, including the popular **El Tour de Tucson** presented by Casino del Sol Resort! The event is for cyclists of all ages and abilities who ride 104, 75, 55, 40 or 25 miles.

View from the Arizona Sonoran Desert Museum

On this small group tour of 12 – 14 individuals, you will have time to play as well as enjoy a couple of “can’t miss” local area rides through the natural beauty of the desert. One ride will be through the Saguaro National Park. Officially designated as wilderness in 1976, this park protects some of the most impressive forests of saguaro cactus. Although for many the symbol of the West, this mammoth cactus is only found here in the Sonoran Desert.

Another activity features a visit to the Arizona-Sonoran Desert Museum. The museum offers more of a “zoo” like atmosphere for an up close look at life in the desert. See more than 300 animal species and 1200 kinds of plants over the 21 acre property.

November is an awesome time of year to ride in Tucson with average highs about 80 degrees and lows in the mid 50’s.

Follow SFS on the SEA to SEA TOUR June 4–Sept 10

Lise Neer, Sea to Sea Participant
Dan and his team are on Facebook, Twitter
(@DanTriKeman) and SpokesFightingStrokes.org

This year's tour traverses the country from Anacortes, WA to Boston, MA. Interested cyclists are invited to participate in this Adaptive Cycling journey to help raise awareness and hope for HHT and stroke survivors. Join us for a week, a month, or anything in between... One space left for the whole journey, and more opening up in late June!

Along the way, we will stop at strategic locations to share with the local bike clubs, elected officials and media, as we demonstrate with Dan's fleet of Catrikes how cycling can bring freedom and greater health for those recovering from stroke.

On the return trip from Boston to Phoenix, Dan will stop in Denver again and looks forward to riding with us as a new DBTC member!

Follow us on facebook and Twitter as well as Dan's website, SpokesFightingStrokes.org as we blog our way across the US.

COME RIDE WITH US!

This is a new section for you when you are planning something and would like to invite others to join you. It is not advertising for tours unless YOU, a member, are going. Please keep your post to a single paragraph and include a link to the tour details or your home email so people can contact you.

Grand County Get Away July 21, 22 and/or 23

Come join Anne Gerleman, 970-531-7441, for one, two or three days playing in the Winter Park-Granby area. On Thursday July 21st we will have a FUN/INT bike ride about 30 miles from Winter Park to Pole Creek Golf Course. On Friday, July 22nd, we will have a bike ride from Granby to Hot Sulphur Springs along rolling hills - my favorite ride. And on Saturday we will do a hike up the Second Creek Trailhead. Details of the rides and hike will be in the July newsletter. You are welcome to come up one day or come for all three. There are lots of other activities in the area so even if you don't want to ride or hike, you can enjoy a summer break in the mountains, including a picnic in the park in the evening.

If you would like to stay in the area here are three hotels with rooms available, but they are filling fast so you had better make reservations:

The Inn at SilverCreek 970-887-2131.

TrailRider Motel 970-887-3738

Little Tree Inn 970-887-2551

Indian Creek Weekend

Darrell and Jean Deering

The annual MTB camping trip at Indian Creek Campground outside Sedalia is **June 10 to 12**. See the ride schedule for details about camping, hiking and biking options. You are welcome to come all three days or just one or two.

DBTC members are invited to submit events for this "Come Play With Us" forum as a method to share information and invite others to an upcoming adventure. Be advised these events are not sponsored or led by DBTC and therefore participants will not covered by the club's insurance coverage.

Traveling with your bike this season?

Do it the easy way... DBTC has hard-sided bike transport boxes that can be checked out to current members. Contact any Board officer for more information.

Bike to Work Day in Colorado is Wednesday, June 22nd!

Doug Schuler

Bike to Work Day is a national event to celebrate alternate transportation. You can go to <http://biketoworkday.us/> for more information. DBTC will again have a table at the event so stop by to wander Civic Center and have breakfast - there are usually lots of vendors giving away food. If you can, I need 2-3 people for an hour shift. 6:30-7:30, 7:30-8:30, 8:30-9:30. dougschuler@comcast.net.

Patty Gaspar will lead a ride starting at 9:30 from Civic Center and meeting those who don't want to venture downtown at the sculpture – see the ride description for details.

Just a thought. Last year we had a flood along Cherry Creek when there was a downpour at 5:00 PM, just when all those riders were heading home. A couple of our members had to climb out of the channel to keep from being swept away. Details in last year's July newsletter.

THE SAFETY ISSUE

Watch Those Transitions

Nadean Kruse, the “Ice Cream Lady”, was leading one of her leisure rides when she caught her front tire in the space between the trail pavement and the grass. Instead of landing in a nice grassy area and everyone having a chuckle, she hit rocks and was seriously injured. She is a very careful rider, but in an instant she was on the rocks.

We have had other members injured in similar accidents between pavement and concrete, small curbs, railroad tracks and other seemingly minor changes in the road surface. The lesson for all of us is to keep an eye on the trail and be aware of those transitions.

Speed Limits

Remember that when we are riding on trails many of them have a 15 mile per hour speed limit. We need to observe the posted limits even though it is tempting to go faster. On weekends and busy times we may need to go under the limit to avoid near misses with other riders, pedestrians and especially children on the trails. If you think the leader is going too fast for conditions, speak up. Leaders: a group of riders can be pretty intimidating to others on the trail, especially if they are passing everyone else – slow down.

Helmets

We hate to nag, but helmets save lives. Check your helmet to make sure it has no cracks. If you've taken a hard hit, it may need to be replaced. Most manufacturers recommend you replace your helmet every three to five years – check with your bike shop.

REMINDERS WHEN RIDING

1. Always carry identification and medical insurance card. Set your phone so emergency personnel have emergency contact information either using ICE or an app.
2. On multi-use paths, ride in single file and stay to the right. Obey posted speed limits. Be alert. Walkers, roller bladers, baby strollers, horses, and dogs – on and off leashes, share the path.
3. When overtaking another road or trail user, call out “Passing on left”. If in a group, tell how many will pass. Last one say, “Last one” and “thank you”.
4. Use proper hand signals for right turn, left turn, and STOP.
5. Ride leaders – when crossing busy streets, and at traffic lights, regroup and wait at a safe place until the last rider has safely crossed the street. Do not force riders to cross red lights to keep up.
6. Do not follow too closely to the rider in front of you. Leave adequate space for unexpected situations and sudden braking.
7. When appropriate, acknowledge and say “Thank You”.
8. Pull completely off the trail or road to stop and regroup – we are not the Denver Blocking Trail Club.

9. Pass information forward and back – i.e., “rider passing”, hand signals, “car back” – so everyone in the group gets the message.
10. Practice Situational Awareness, Common Sense, and Courtesy. No rider can predict what lies ahead on the road. With a little knowledge and some forward thinking, you can make intelligent last minute decisions that will keep you—and the rest of your group—on the bike and off the ground.

Encounter an Aggressive Driver While On Your Bike?

Like motorists, cyclists are entitled to report aggressive drivers to the Colorado State Patrol by calling *CSP on their cell phones. The State Patrol enters complaints from *CSP calls into a database. After three complaints, the registered owner of the vehicle gets a letter from the state patrol. After five incidents, a trooper will personally contact the registered owner.

Rider points out road hazard

To take a complaint, the state patrol needs:

- The location of the incident.
- The license plate number and description of the vehicle in question.
- The direction of travel and actions of the driver.
- The complainant's name and phone number (you may remain anonymous)

Ride Leaders:

Remember, if you have a guest/non-member on any of your rides, the Membership Committee needs to know so we can invite them to join us on future rides as a NEW (or renewing) MEMBER! Please photocopy your Sign-in Sheet and email a scan of it to Lin Hark at: guestrelations@dbtc.org. Thanks for helping us grow our Club!

 Thanks from all of us who enjoyed the ride you set up at the Air Force Academy on Falcon Trail. A great trail and an interesting brew pub afterward.

New Relaxed Ride Waiver Policy!

By Kathy Stommel

You asked for a change and we listened! The Board has approved a change in the requirements for our social ride waiver forms. Starting immediately, any current DBTC member needs to only check "yes" to the membership question then provide a signature and legibly printed name on the waiver form. Ride Leaders are not required to collect phone number, email address or emergency contact information for members.

It remains mandatory, however, that any guest or non-member participant complete all information listed on our waiver forms so that our Guest Relations volunteer can invite those guests to become members.

Everyone is encouraged to carry emergency contact and critical medical information somewhere in their seat pack or helmet pouch. Please use the handy dandy cut-out card below if you don't already have a method to carry this information.

In the unfortunate event of an accident or medical emergency during the ride, the ride leader will call for the appropriate emergency response and any personal contact that the injured rider provides at the time.

We sincerely hope all members will appreciate the new relaxed waiver requirements!

Important Notice Re: DBTC Insurance Exclusions

You probably already knew that DBTC carries a liability insurance policy – but are you aware of the exclusions?

Our policy covers a wide-range of activities including cycling, hiking, snowshoeing, cross-country skiing and even our club meetings, luncheons and picnics. However, to keep the insurance rates at a reasonable level, the Directors have selected a plan that excludes international tours and "higher" risk activities – most notably downhill skiing and snowboarding.

DBTC does offer winter snowshoeing and cross-country ski trips. Participants on these trips are of course free to independently choose something other than the groups' scheduled activities; however, the individual is then solely responsible for their own safety.

Always a good time when Jack Shaver invites us out to lunch. Meeting time is normally 11:15AM on a Friday at the REI Starbucks patio, then we ride to one of our favorite pubs for a hearty meal. Today it was the Irish Hound at 5th & St Paul.

May 22 Sunday Crumbs Ride

Finally good weather and clear skies... and WIND! This brave group of 14 headed east into a stiff breeze and turned in 32 miles before splitting off in various directions. Three remaining finishers settled in for a Mexican lunch at 7 Leguas (E Colfax & Cherry). ¡Fabuloso!

This popular ride almost always attracts new folks via MeetUp, which in turn gathers a few new members into the fold. Lately, we've been getting stronger and faster. So, to accommodate our newer and/or slower-paced riders, we've adopted a policy of splitting into two groups so that everybody has a good ride.

MTB P2, T1.5, 9:00AM East/West and Highpoint Trails THE RIDE: Meet *Carol Bennett* (720-425-6124) for a ride on the Douglas County East/West Trail and the Highlands Ranch High Points Trail System. Both of these trail systems have spectacular views of the Front Range from many parts of the trails. The ride drops in at the East/West trail from Pronghorn Park. We will ride the trail for about a mile and take a sharp right at a three way trail junction. We will follow a downhill portion of the East/West Trail for about 2 miles to a gate to the private Back Country Trail System. Carol must be there when we enter the 2 gate, and we must ride together as a group because the trails are for residents of Highlands Ranch and their guests only.

There are many loops and trails that total several miles. We can study the trail map and decide the routes that the group would like to ride. Carol will stop at all trail junctions and will wait until she accounts for all riders. The trails are well maintained and have minimal exposed roots and loose rocks. The trail's turns are banked and have plenty of bumps and curves to excite even the most skilled cyclist, but are easy enough that an advanced beginning mountain biker should be comfortable with most of them. Caution must be observed because there are many blind corners and hills. Use of a bell is highly recommended. The High Point Trail System crosses open grazing land, on which there are cattle and their "road apples." **THE TIME: 9:00AM (WHEELS ROLLING! PLEASE ARRIVE EARLY ENOUGH TO START AT THAT TIME.)** THE DIRECTIONS: The meeting place is Pronghorn Park, Highlands Ranch. Take C-470 to Broadway and head south (towards Highlands Ranch). After about 2 miles, turn right at the traffic light at Wildcat Reserve Parkway. Take the next left, onto Weather's Field Way. Pronghorn Park is on the right about 1/2 mile south of Wildcat Reserve Parkway. Park in the parking lot or on the street. There usually is ample parking. THE FINE PRINT: Front shock suspension is recommended but a hybrid is suitable on the East/West Trails and some parts of the High Point Trail System.
